

Monopole Price List

Tashjian Towers monopoles show on the previous page are heavy duty, multiple carrier at 90 MPH, high strength, tapered, slip fit, poles. Included in the pole price below are ports near antennas, two large ports near base, anchor bolts, template, grounding kit, top cap, galvanizing, and delivered to most locations in Ca. Engineering and foundation design are included. Sizes and prices are a general guideline. Other pole geometry is available, for example a heavy duty pole is shown but a lighter duty pole can be quoted.
